**In about 500 words, please describe yourself, including your rationale for applying to the honors program and your future plans as a post-baccalaureate student.**

*(In most cases, you should be able to copy and paste from your favorite word-processor)*

**Please pick one of the following topics and write a second essay:**

- 1. Evaluate a significant experience, achievement, risk, or ethical dilemma and its impact on you.**
- 2. Discuss some issue in the biological sciences of personal, local, national, or international concern and its importance to you.**
- 3. Describe a scientist who has had an influence on you, and explain why.**
- 4. Recount an incident or time when you experienced failure.  
How did it affect you, and what lessons did you learn?**
